Subject: Statement of Reason

Dear Sir or Madam, I write to request a waiver of the two-year home-country physical presence requirement in order to apply for the Green Card lottery 2019 to continue contributing to the economy and growth of this country based on the total respect of the immigrant laws. I accredit after my trainee program finish (March 2020) I will return to my home country and waiting for the results of the lottery. Is not my intention to break any immigration law that could affect the relationship that I have built with the US in all this time. I came to the US in September 2018 with trainee program for an important American company which selected me based on my skills and professional background to support them in markets outsides of the US. My trainee program finishes in March 2020. I did not receive any funding from my home government or other government institution at any time during the time of my trainee. My home country Peru has no objection to my continued stay in the United States either now or in the foreseeable future, and will issue a No Objection Statement through our embassy in Washington DC. Thank you in advance for your assistance and prompt attention to this matter and the opportunity to contribute to the US.

Sincerely,

Rocío Castro Pinto
